Booth sponsors may distribute promotional items at their designated booth. In an effort to keep the grounds of the park and our community clean, we ask sponsors to limit the use of promotional items or literature that may generate excess waste.

Because Music in Plymouth is a family-friendly event, we recommend that promotional items be targeted toward our youth audience members. Recommended items include, but are not limited to, balloons, small toys, coloring books, etc. The Plymouth Civic League requests that any such materials be submitted to the Plymouth Civic League for review prior to the event.
